General Information

Lock Desk Hours Orion Lending Lock Desk will accept locks between the hours of 8:00 AM and 5:00 PM PST, Monday through Friday. Exceptions include, but are not limited to, bond market holidays, periods when current pricing has been suspended or unavailable, and other pre-announced closures.

Rate Sheets Rate sheets are generally posted to the Orion Lending website between 8-9 AM PST each business day. Rates and pricing are subject to change without notice and during volatile markets pricing may be unavailable during lock desk hours. Prior to requesting a lock it is recommended that the client verify pricing.

Overnight Protection Orion Lending does not allow for overnight protection on rate lock requests. All rate lock requests must be received between standard lock desk hours.

Lock Requests

Initiating a Lock Request All lock requests are to be completed via Orion Lending's STAR Portal at <https://www.orionlending.com/STAR>.

Information Required to Lock a Loan Interest rate, price, margin and all applicable loan level adjustments must be completed based upon each loan's unique loan characteristics. The Lock Desk will base final pricing on this required information and lock the loan accordingly, based on the data received.

Inaccurate/Incomplete Data Inaccurate or incomplete lock requests will delay processing of the lock request. The Lock Desk reserves the right to make necessary corrections on lock requests that do not reflect accurate pricing, based on the current rate sheet and program adjustments. Locks that have not been confirmed due to inaccurate/incomplete information are subject to market fluctuation.

Initial Lock Requests Initial lock requests must be submitted online via the STAR portal at <https://www.orionlending.com/STAR>.

E-mail Correspondence Changes, clarification or questions regarding previously locked loans will be accepted via e-mail at locks@orionlending.com. The client is to include the Orion Lending assigned loan number and borrower's last name in the subject line of all e-mail correspondence regarding the lock. The Lock Desk will not accept e-mails for an initial lock request.

Fax Requests Orion Lending does not accept faxes for initial lock requests or correspondence.

Lock Confirmations Orion Lending will e-mail all lock confirmations by the end of the business day. If the client does not agree with the rate lock confirmation, he/she must notify the Lock Desk within 24 hours of receipt of the confirmation to have it reviewed and corrected (if applicable). If a lock confirmation is not received within 24 hours of a lock request, it is the client's responsibility to verify that a valid lock is in place. If there are any questions regarding the confirmation, the client should contact the lock desk (locks@orionlending.com). Lock confirmations are also available via the STAR portal @ <https://www.orionlending.com/STAR>

Miscellaneous Questions about locks, change requests, extensions, clarifications on pricing and other questions should be directed to the Lock Desk (locks@orionlending.com) via e-mail with a cc to the Account Manager and Account Executive. The e-mail should include the Orion Lending loan number and borrower last name in the subject line and the body of the e-mail should include the nature of the request and the client's name and phone number so the Lock Desk can contact the client to resolve any issues or problems.

Standard Lock Options

Lock Periods *Standard Agency & Government Programs*

- **15 Day Locks** require:
 - File received and approved by Orion Lending
- **30 Day Locks**
- **45 Day Locks**

Pre-Locks

Orion Lending will allow Pre-Lock (locks prior to Orion Lending approval) subject to criteria below. Client will have **TEN (10) calendar days** from the date of the lock to submit a complete file. **The rate lock will be canceled on all files that remain incomplete after 10 calendar days.** Orion Lending will not be responsible for notification of cancelation, however a courtesy e-mail reminder may be sent by the Account Executive; it is ultimately the client's responsibility to ensure the lock remains in effect. If additional time is required to submit a file prior to the 10-day cutoff, client should notify the lock desk (locks@orionlending.com); requests will be granted on a case-by-case basis.

Lock Expiration Date

Orion Lending calculates the lock expiration date by using the day of the lock as "Day One." When the initial lock expiration falls on a weekend or holiday, the loan must fund no later than the first business day following the expiration date.

Lock Extension Policy

General Information

Client may request a Lock Extension on or before the lock expiration date. An extension will guarantee the initially locked rate for an extended period of time and will be subject to an extension fee. Extensions requested after the rate lock expiration date will be subject to re-lock at worst case pricing and .25 bps relock fee. Extensions for **suspended files** will not be processed until the loan is approved and are subject to the Orion Lending's Re-lock Policy.

Extension Pricing

All extension requests must be made via STAR Portal on or before the lock expiration date.

The new expiration date will be based on the original expiration date plus the extension days. Maximum of 75 days total allowed.

1 day = 3 bps

7 days = 15 bps

15 days = 30 bps

Pricing Adjustments

General Information

All products published on Orion Lending rate sheets reflect base pricing. Program-specific loan level price adjustments are not included in the base price; however, they are listed separately on each ratesheet. Adjustments are applied based on information in Orion Lending's database at the time of the lock and will be adjusted as necessary in the event of changes to the locked loan prior to funding.

Escrow/Impound Waivers

Adjustments for escrow/impound waivers are listed on the ratesheet for each loan program. Not all programs or LTVs are eligible for escrow/impound waivers. Both taxes and hazard insurance must be impounded in order to avoid the escrow/impound waiver price adjustment.

Government Loans

All FHA and VA loans require escrow/impounds regardless of LTV.

Price Changes

When the mortgage market moves substantially, it will cause new pricing and an updated ratesheet will be posted on our website. During volatile markets a rate change notice may be posted on our website; during this period locks will be subject to the next posted ratesheet. Rate lock requests received by the Lock Desk during or after a rate change will be adjusted and confirmed accordingly.

Product Changes/Exceptions

Product Changes

Although it is discouraged, it is not uncommon for a client to switch from one product to another after a loan has been locked. Program/product switching is allowed on all products, but may result in worse case pricing. Please consult the lock desk for specific loan scenarios. locks@orionlending.com

Product Exceptions

All product exceptions must be requested through the Orion Lending Underwriting Department. Upon approval of the exception, a rate and/or price adjustment may be assessed in addition to the standard rate/price adjustments listed on the ratesheet. Any adjustments will be disclosed at the time the exception is approved. Client should contact the lock desk, locks@orionlending.com, for the amount of the adjustment.

Re-lock Policy

General Information

A re-lock request is a request to lock an expired or canceled loan that was previously locked.

Re-locks will be subject to the following pricing, using the earlier of cancelation date or expiration date as day one:

Less Than or equal to 30 Days¹

Worst-case pricing plus .25 re-lock fee applies. The original lock price, plus any extensions necessary for closing will be compared to the ratesheet price of the day the re-lock is requested (current market). The worst-case pricing (lowest premium) will be used.

Greater than 30 days¹

Relock current market

¹Relock policy may vary depending on the program and product type. Please email locks@orionlending.com for specific loan information.

Maximum Re-locks

The maximum number of re-locks allowed is one (1)
